All participating clubs / national federations will receive a maximum of 1 printed program by postal service after previous registration at <http://t1p.de/KRV-Regattaprogramm> , only. More programs can pick up at the regatta office.

The schedule has been changed compared to previous years so that one starting machine can be used on all distances.

For the races with the comment "across clubs" entries can be made for team boats with athletes from different clubs.

For the "mixed" races athletes of different genders AND different clubs may be entered.

There will be no charge for the camping ground. However, a fee of 8€/day will be charged for caravans, mobile homes and tents for cooking. Pavilions and crew tents that will not be used for sleeping will be charged with a fee of 15€ for the whole weekend.

It is possible to get breakfast lunch and dinner at the boat house.

Whether an overnight stay at the regatta course is possible is currently not certain and depends on the development of the Corona situation. We recommend that clubs from the surrounding area not stay overnight on the regatta course. As in previous years, the gym will not be available for overnight stays.

We provide information on our website (www.kanuregatta-essen.de) about possible hotel providers in Essen, but they must be contacted by the participants themselves. The canoe regatta club does not play an intermediary role here.

Corona

Due to the necessary increased hygiene measures and also security measures (access control and traceability), the organizer will charge a corona expense allowance of €10 per participant. Should the corona protection measures relax by the time of the regatta, the corona expense allowance can be reduced accordingly.

The current ordinance of the city of Essen, which is in force at the time of the event, could include conditions regarding corona protection measures. (Here, 2G or additional tests should be assumed) We will provide ongoing information about the applicable official requirements on the homepage www.kanuregatta-essen.de from April 10th, 2022.

The regatta course is in the green environmental zone. All cars must have a German environmental badge. You must buy it before you enter the area of Essen. There is no possibility to buy one at the regatta. The penalty is up to 80€ per car. More information in [Dutch](#)
